

We hope this agenda will help you as you plan your Global Conference.

- There are many session to choose from. Some sessions are being run twice, to give as many people as possible the opportunity to attend them. Some sessions come in two parts; they have been clearly marked. Sessions are shown in time-slots – you can only choose one session in each time-slot.
- You will find the same session names and full descriptions on the Global Conference website <https://globalconference.cisv.org/sessions-and-activities/sessions/> . When you register, you will see the same session names and descriptions.
- Anyone can join the International Junior Branch Conference sessions and some of them are mandatory for JBers and NJRs; these are clearly marked.
- The Governing Board of CISV International will be running session on our international programmes and the next CISV International strategic plan. These session are particularly for NA Representatives but anyone can join. The Members' Meeting is for NA Representatives, IJRs, and the CISV International Governing Board, along with any Honorary Counsellors present. Observers are welcome.
- The themes of our keynote speaker and panel discussions are reflected in the sessions we are offering. We have colour-coded them, so you can see easily which sessions relate to which theme:
